

# ZoneSwitch

## Zone Damper Control System

### **A simple and attractive Zone Damper Control system.**

Easily adjust the climate in individual areas of your home.

Comes complete as a kit with transformer and connecting cables to enable a complete installation.

Spill Zone ensures safety in your system.

## Kit Components

Note: The second touchpad is optional

## Features

- New Touchpad with LED on buttons
- Two Touchpads option, direct to Mainboard, no further setup required
- Switchable and selectable spill zone
- See port numbers on Mainboard in the dark
- Turn off all LEDs on the touchpad in off season
- Ideally suited for ducted reverse cycle and ducted gas heating systems
- Easy installation with Polyaire Quick Fix Motorised Dampers
- Attractive, simple and uncluttered Touch Pad designed to suit most decors
- LED indicators to show the ON/OFF status of the zones
- Personalised zone labelling using stickers
- All zones automatically resume their original on/off state once powered up after power outage
- 24 Volt for easy and safe installation and maintenance
